

Due to COVID-19, Government of Nepal has suspended all the face to face teaching at the education institutes. As per this face to face classes at PCPS college are also suspended.

Learning must go on and we need to fight back to this situation. PCPS College is starting its classes, for September/October Session, in the online mode until face to face teaching is allowed by the Government of Nepal. This is to support the students who want to complete the degree in time, despite the global impact of COVID-19.

This consent letter is purposed to let us know whether you wish to continue via online classes or wait for the face to face class resumption. For the existing enrolled students, as university is also conducting classes online, if you continue with us via online mode, you are able to complete the levels as per the scheduled time.

If you do not continue via online mode of classes until face to face classes are resumed, you must file the Level/Semester **defer form** to the university via PCPS college. This might need a future university re-registration when you rejoin for classes. Also, in case of defer, you need to wait till the unit is taught in the university in the upcoming session.

☐ Yes, I agree to join and continue my studies via online Mode until face to face classes are resumed. I will attend all online classes and maintain attendance as per university norms. I agree to pay the college fees as the fee structure and as per the schedule provided to me.

☐ No, I do not agree to join and continue my studies via online mode. I will defer my semester until face to face classes are resumed. With this I also know that I have to wait till the unit is again taught in the upcoming session at the university and I know that my classes will start in face to face delivery with earliest available batch. I will submit the defer form/ mitigation form / EC form as per the university requirement and will abide by rules and regulation of the university and college
